

Nested Lists

Here is an example of nested lists:

1. This is the first item of the outermost list. It contains another numbered list, followed by a plain paragraph.
 - a) This is the first item of the inner numbered list. It contains a bulleted list, followed by a plain paragraph.
 - This is the first item of the bulleted list.
 - This is the second item of the bulleted list.

This is the last block of the first item of the inner numbered list.
 - b) This is the second item of the inner numbered list. It contains a bulleted list.
 - This is the first item of the bulleted list.
 - This is the second item of the bulleted list.

This is the last block of the first item of the outermost list.

2. This is the second item of the outermost list.
